Cheyene's Experience

From the time I first crash landed out of jail in Kenton County in 2015 to the present day, Hosea House has shown kindness and empathy while providing much needed services with low barriers. The mailing address of 901 York Street has appeared on job applications, state ID cards, an MMA license, and an application for admission to NKU. While completing my undergraduate studies (Integrative Studies, B.A.), I continued to frequent the Hosea House for meals, mail, and to visit with volunteers as well as with other diners. I take comfort knowing that this vital artery near the heart of Newport continues to send love to those who need.

Kristinia's Experience

I first started coming a couple of years before my stroke. When I walked in the door I was scared because I didn't know anyone. But since then, I have met so many amazing people in this community and I have fallen in love with them.

A MESSAGE FROM THE EXECUTIVE DIRECTOR

For years I worked behind a desk doing my very best to help those in need and I loved what I did. But now, I feel truly blessed because I have the opportunity to literally walk alongside those in need and be a kind and compassionate smile in a very challenging world.

HHH has a rather simple **Mission**, to provide food and nourishment to the bodies and the souls of the men, women, and children of Northern Kentucky and the Cincinnati area. **But let me tell you my friends, this is not a simple task.** It takes the right people, a caring heart, and the financial support of our community.

So, I ask you to *kindly consider donating toward the mission because with your support we can continue to care for the homeless, the hurt, and the hungry.*

Warmest Regards,

Lauren V. Cavanaugh

OTHER WAYS TO GIVE

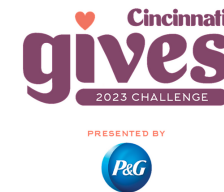

Your Chance to Amplify Our Impact!

Hosea House has been a blessing to me. They were one of the few support groups to offer me food when I lost my footing. They stand out because of their genuine hospitality, cleanliness, and quality of service/food. The team is sincere about helping. They provide excellent opportunity to eliminate hunger so that an individual can have energy to focus on other obstacles of life. - Tracy
